

New collection

“a Spectrum of tactile textiles”

Spring & Autumn

Timeless Design

“a Spectrum of simplicity”

- Natural fibers -

We believe that Natural fibers makes the most beautiful fabrics, they match design furniture with simplicity and create timeless elegance.

CORTO MALTESE is our new cotton and linen sheer, in wide width this Leno weave construction create a transparent and modern stripe. **CASUAL** is a wool-satin for upholstery and decoration, with a subtle strie effect it's presented in 26 colors inspired by natures beautiful hues.

Tailoring the mood with a chic pied-de-poule, our second wool quality **ICON** follows the trend of natural fabrics and mini patterns. Both wools passes the 30 000 Martindale rubs test.

Essential Mood

“a Spectrum of styles”

- When wood meets fabric -

Wood will never be out of fashion.. It can be cut and shaped into various forms, yet it remains a rigid element in the home.

Contrasting what is rigid with what is soft means balancing and harmonizing an ambience. **RUBIROSA** is the a new wide width curtain fabric, rich and soft in 100% linen. Similar in quality to one of our bestselling fabric (art. Reverso) Rubirosa differs with its five warm and earth based colors.

Tactile and soft in touch **AVENUE** is a washable and intriguing upholstery fabric, durable thanks to its fancy yarns and compact jacquard weave. Avenue passes the 30 000 Martindale rubs test.

Travel Inspiration

“a Spectrum of mixing”

- New encounters -

Traveling is always inspiring, it teaches us to look at things in a new perspective. We come back home and feel empowered and we become more open to the idea of mixing patterns and materials, styles and colors!

Damask **HAZEL** brings a bit of oriental mystery to the collection, yet you can tell by touching the quality that it's woven on our finest Italian looms. Innovating yarns and the shadow jacquard weave on the satin ground gives character to this fabric. Hand washable and durable with its 25 000 rubs, this quality is ideal for upholstery or rich drapery.

ROCKET is a very smart pattern, it's both modern and classic and suits to be used in various contexts, presented 9 colors that are inspired by nature's noble marbles and silver and rocks. Rocket passes the 25 000 Martindale rubs test.

The vibrant ottoman **LINEA** is a true passepartout, passing the 50 000 Martindale rubs test makes this a very versatile quality, presented in 18 marvelous colors.

NICOLE is a luxurious silk-blend sheer, it comes in wide width and its less sensitive to the light thanks to its polyester blend composition, but it has the complete richness of the changing colors and the unmistakable touch of a silk fabric.

Something Special

“a Spectrum of innovation”

- Creative Weaving -

When something is special and creatively new,
it gets noted!

ATELIER is a geometrical jacquard inspired by fashion, the chic design reminds of an enlarged version of a tie-pattern. Woven on a nylon warp with inserts of a melange wool-weft, the result is a trendy new fabric thanks to its innovative mix of modern textile yarns.

Matching the Atelier pattern is **GESSETTO** a pinstripe, inspiration comes from mens fashion clothing, the defined lines gives it a modern and masculine look. Both Atelier and Gessetto passes the 35 000 Martindale rubs test.

Through a knit-like weave construction and top modern finishing technique, the 100% Trevira wide width sheer **MARGOT** is extremely soft and light colors are inspired by precious metals, gold silver and copper.

Creative Space

“a Spectrum of geometrics”

- Linear Solutions -

Creative solutions are needed when decorating spaces of today's architecture, balance in furniture and materials is required in spaces with geometrical or diagonal elements. Easy designs, patterns and plains are key players in our modern homes.

Holm is a new smart plain fabric, stitched colored weft create both a panama and ottoman effect. The jacquard **MIAMI** is an easy pattern, small diamond shaped chenille squares makes this a fun and versatile fabric. Both fabrics passes the 30 000 Martindale test.

Our new and very soft velvet **CITY** passes 40 000 rubs, it doesn't mark and is washable, just like Holm and Miami.

The Studio

“a Spectrum of art”

- Design Lab -

We create our fabrics by blending and mixing materials, it's an exciting part of our job, and our "design laboratory" is constantly open!

ARLES is a fabulous new wide width sheer, in an intriguing mix of linen, cotton and polyester, this fabric, though its presented in natural colors, doesn't just blend in.. it's so unique in its weave and structure that it actually stands out!

COGNAC is woven using the finest and thinnest New Generation chenille yarn and processed with a special finishing making this the softest fabric presented in our new collection. Using a special jacquard technique in production give this fabric a unique look that reminds of old oil paintings or a vegetative motif.

Presented in a palette of 46 deep colors, this washable light-weighted chenille is ideal for draping and decoration yet its a very durable fabric, passing the 30 000 Martingale rubs test.

Light Living

“a Spectrum of light”

- Natural Home -

PROVENZA is a charming country piquet fabric in double width, soft and cozy, perfect for bed covers, draping and plaids.

LUND is a plain fabric that is far from being simply plain!

This irregular panama weave is both soft and resistant, its warp is a space dyed

linen and viscose yarn and its weft is a bi-colored melange linen

and cotton chenille, both yarns bring a depth to this washable upholstery fabric. Lund passes the 30 000 Martindale rubs test and comes presented in 33 colors, in a rich waterfall that includes both pastels and naturals.

Colorful Autumn

“a Spectrum of linen”

- New Hues -

We are excited about our new launch of three fresh Italian linen fabrics,
the theme is color!

Hues range from pastels - to earth colors - to sea blues - to vibrant lemons
- and to happy pumpkins!

ELBA is a beautiful island in our Tuscan archipelago, it is also the name of our fresh and new wide width fabric!

Subtle pastels, and softness characterize this linen/micro-modal quality that we present in 15 colors.

MEDITERRANEO a 100% linen fabric in wide width with a waterfall of 54 mediterranean colors! Washable and ideal for natural curtains.

ARBATAX is the name of our new linen design and it is also the name of a small coast town in Sardinia that gave us the inspiration of this fresh print. Recalling antique artisanal hand block prints, this design remains a modern pattern that will bring energy to any ambiance and room. The ground is 100% linen, the fabric is washable and can be used for upholstery, curtains and decoration.
